## Financial Statements

### Responsibility for Financial Reporting

The accompanying financial statements of the Ontario Financing Authority have been prepared in accordance with Canadian public sector accounting standards. The preparation of the financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods. The financial statements have been prepared within reasonable limits of materiality and based on information available up to June 21, 2024.

Management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded and that reliable financial information is available on a timely basis. The system includes formal policies and procedures and an organizational structure that provides for appropriate delegation of authority and segregation of responsibilities. An internal audit function independently evaluates the effectiveness of these internal controls on an ongoing basis and reports its findings to management and the Audit and Risk Management Committee (ARMC) of the Board.

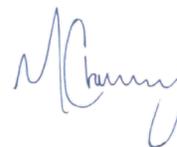

The Board, through the ARMC, is responsible for ensuring management fulfils its responsibilities for financial reporting and internal controls. The ARMC meets regularly with management and internal audit to deal with issues raised by them and to review the financial statements before recommending approval by the Board.

The financial statements have been audited by the Auditor General of Ontario. The Auditor General's responsibility is to express an opinion on whether the financial statements are fairly presented in accordance with Canadian public sector accounting standards. The Auditor General's Report, which follows, outlines the scope of the Auditor's examination and opinion on the financial statements.

## INDEPENDENT AUDITOR'S REPORT

To the Ontario Financing Authority

### Opinion

I have audited the financial statements of the Ontario Financing Authority (the OFA), which comprise the statement of financial position as at March 31, 2024, and the statements of operations and accumulated surplus, change in net financial assets and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the OFA as at March 31, 2024, and the results of its operations, changes in its net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

### Basis for Opinion

I conducted my audit in accordance with Canadian generally accepted auditing standards. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of my report. I am independent of the OFA in accordance with the ethical requirements that are relevant to my audit of the financial statements in Canada, and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

### Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the OFA's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the OFA either intends to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the OFA's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the OFA's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the OFA's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the OFA to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

# ONTARIO FINANCING AUTHORITY

## Notes to Financial Statements

For the year ended March 31, 2024

### 1. NATURE OF OPERATIONS

The Ontario Financing Authority (the OFA) was established as an agency of the Crown on November 15, 1993 by the *Capital Investment Plan Act, 1993* (the Act). In accordance with the Act, the OFA:

- conducts borrowing, investment and financial risk management for the Province of Ontario (the Province);
- manages the Provincial debt;
- manages the Province's key financial relationships with investors, financial institutions, rating agencies and public bodies;
- provides centralized financial services for the Province including banking and cash management;
- advises ministries, Crown agencies and other public bodies on financial policies and projects;
- assists Crown agencies and other public bodies to borrow and invest money;
- acts at the direction of the Province in lending to certain public bodies;
- invests on behalf of some public bodies;
- with Ontario Power Generation Inc., manages the investment activities of OPG's Ontario Nuclear Funds; and
- carries out the day-to-day operations of Ontario Electricity Financial Corporation and provides a broad range of financial services to Infrastructure Ontario.

In addition, the OFA's objects include:

- providing such other financial services as are considered advantageous to the Province or any public body; and
- any additional objects as directed by the Lieutenant Governor in Council.

The Memorandum of Understanding between the OFA and the Minister of Finance is an administrative agreement that serves as an important governance tool for the OFA in delivering on its mandate and objectives.

The OFA is a corporation established under the laws of Ontario. The OFA is exempt from federal and provincial income taxes under paragraph 149(1)(d) of the *Income Tax Act* (Canada).

## **2. SIGNIFICANT ACCOUNTING POLICIES**

### **(a) Basis of Accounting**

These financial statements are prepared by management in accordance with Canadian Public Sector Accounting Standards (PSAS) for government reporting entities established by the Canadian Public Sector Accounting Board.

### **(b) Measurement Uncertainty**

The preparation of financial statements in accordance with PSAS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Items requiring the use of significant estimates include the useful life of tangible capital assets, employee future benefit liabilities and accrued liabilities. Estimates are based on the best information available at the time of preparation of the financial statements and are reviewed annually to reflect new information as it becomes available. Measurement uncertainty exists in these financial statements. Actual results could differ from these estimates.

### **(c) Adoption of New Accounting Standards**

Effective April 1, 2023, the OFA retroactively adopted the new PS 3400, *Revenue*. The implementation of the new standard had no material impact on the recognition or measurement of the OFA's revenues. As such, the opening balance as at April 1, 2023 has not been restated.

### **(d) Revenue Recognition**

#### **(i) Cost recovery from the Province**

The OFA receives funding for its operating expenses and the acquisition of tangible capital assets from the Province through an approved budget. Operating funding is recognized in the same period as the operating expenses are incurred. Funding received from the Province for the acquisition of tangible capital assets is recorded as deferred revenue and amortized to cost recovery revenue on the same basis as the amortization of the tangible capital assets.

#### **(ii) Cost recoveries - debt management and other financial services**

The OFA provides debt management and other financial services to various government agencies under established Service Level Agreements and recovers the cost of providing these services from the agencies. The OFA's performance obligations in connection with these services are satisfied over time through the rendering of services. As set out in the Service Level Agreements, the transaction price for these management services are equal to costs incurred by the OFA in

providing these services. Cost recoveries are accrued and billed on a quarterly basis as the OFA performs the services required to meet its obligations towards the government agencies.

### **(iii) Loan administration fees**

The OFA provides loans to various public bodies at the direction of the Province using funding provided by the Province. These loans are included in the Province's consolidated financial statements and are not reflected in the OFA's financial statements. The OFA charges fees to recover the administrative costs for managing these loans. The transaction price is equal to a fixed annual percentage of the outstanding loan amount. Revenue from providing these services is recognized in the period in which services are rendered and in the amount to which the OFA is entitled for payment for performance to date.

### **(iv) Investment management fees**

The OFA provides investment management services to various government agencies. The OFA's performance obligations in connection with these services are satisfied over time through the rendering of services to government agencies. The transaction price is equal to a fixed percentage of investments under management. Investment management fees are accrued and billed on a quarterly basis as the OFA performs the services required to meet its obligations towards the government agencies.

## **(e) Financial Instruments**

The OFA's financial assets and liabilities are accounted for as follows:

- Cash is subject to an insignificant risk of change in value so carrying value approximates fair value; and
- Due from related-party agencies and other, due from the Province of Ontario, recoveries payable to the Province of Ontario and accounts payable and accrued liabilities are recorded at cost, which approximates their fair value due to their short-term nature.

The OFA does not use derivative financial instruments on its own behalf.

#### **(f) Tangible Capital Assets**

Tangible capital assets are stated at cost. Amortization is provided using the straight-line method over the estimated useful life of the assets.

The estimated useful life of the assets are as follows:

Furniture and equipment	5 years
Computer hardware	3 years
Leasehold improvements	Term of lease

The half-year provision for amortization is applied in both the year of acquisition and the year of disposal for furniture and equipment and computer hardware assets.

Assets under construction are not amortized until construction is complete and the assets are ready for their intended use.

Funding received from the Province for the acquisition of tangible capital assets is recorded as deferred revenue and amortized to cost recovery revenue on the same basis as the amortization of the tangible capital assets.

#### **(g) Related Party Transactions:**

Related party transactions are measured at the exchange amount, which is the amount of consideration and agreed to by the related parties.

#### 4. DEFERRED REVENUE

Deferred revenue represents the unamortized portion of the cost recovered from the Province for the acquisition of tangible capital assets as well as prepaid expenses to be allocated over the period the resources are consumed.

*(in thousands of dollars)*

	Year ended March 31, 2024

Expensed in the current year	–	(479)	(479)
<b>Balance, end of year</b>	<b>\$4,185</b>	<b>\$472</b>	<b>\$4,657</b>

Contributions received for the purchase of tangible capital assets are deferred and recognized as revenue on the same basis as the amortization expense related to the tangible capital assets acquired. This resulted in revenue being recognized of \$1,265,000 (2023 – \$946,000), which equals amortization expense of tangible capital assets. The \$534,000 (2023 – \$479,000) expensed represents the amount allocated to the current year expenses from the prepaid expenses.

## 5. DEBT AND INVESTMENT MANAGEMENT FOR THE PROVINCE

The OFA manages debt on behalf of the Province amounting to \$447.5 billion as at March 31, 2024 (2023 – \$435.3 billion) as per the interim projection published in the 2024 *Ontario Budget*. The OFA also manages investments amounting to \$75.7 billion as at March 31, 2024 (2023 – \$84.7 billion), including \$30.3 billion (2023 – \$27.9 billion) under the Ontario Nuclear Funds owned by Ontario Power Generation Inc. Those funds are jointly managed under the Ontario Nuclear Funds Agreement between the Province, OPG and certain OPG subsidiaries to set aside funds necessary for the long-term management of nuclear waste and used fuel and to decommission nuclear power stations.

Cost recovery from the Province for all debt management and investment activities for the year ended March 31, 2024 was \$20.9 million (2023 – \$20.4 million).

## 6. TRANSACTIONS WITH PUBLIC BODIES

The OFA provides financing to various public bodies on direction from the Province in furtherance of stated Provincial initiatives. These loans are included in the Province's consolidated financial statements and are not reflected in the OFA's financial statements.

Funds for these loans are advanced to the OFA by the Province under credit facilities aggregating to \$14.8 billion expiring from 2036 to 2055. Of these credit facilities, \$11.6 billion has been used to date for funding loans granted by the OFA to public bodies that are currently outstanding.

As at March 31, 2024, the principal amounts receivable by the OFA on behalf of the Province represent long term and short-term loans. During the year, total interest received and flowed to the Province from these loans was \$211.9 million (2023 – \$205.2 million). During the year ended March 31, 2024, the OFA recognized \$4.3 million (2023 – \$3.7 million) in loan administration fees, of which \$1.3 million is receivable at year end (2023 – \$1.1 million).

(i) Colleges of Applied Arts and Technology were provided loans for various campus projects including college campus expansion, new and expanded student residences, computer equipment, parking facilities, and an energy saving capital project. As of March 31, 2024, the outstanding balance of the loans is \$354.7 million (2023 – \$340.4 million). These loans bear interest ranging from 2.15 per cent to 5.75 per cent and mature from 2024 to 2049.

(ii) Hospitals were provided loans for various projects including funding for long term- care development projects and implementation of new and/or upgraded health information system projects. As of March 31, 2024, the outstanding balance of the loans is \$454.1 million (2023 - \$282.9 million). These loans bear interest ranging from 2.49 per cent to 4.40 per cent and mature from 2030 to 2063.

(iii) The Independent Electricity System Operator (IESO) was provided a revolving credit facility up to \$1,000.0 million for market liquidity purposes and \$190.0 million for corporate requirements until June 29, 2026. As of March 31, 2024, the outstanding balance of these facilities is \$105.3 million (2023 - nil). These facilities bear floating interest rate interest ranging from 5.19 to 5.24 per cent as of March 31, 2024. In addition, IESO was also provided a term loan of \$120.0 million at an interest rate of 4.78 per cent which matures in June 2026.

iv) The Liquor Control Board of Ontario was provided a loan facility of \$51.2 million to fund capital costs associated with relocating its head office. As of March 31, 2024, the outstanding balance is \$24.1 million (2023 – \$39.6 million). This loan bears an interest rate of 3.26 per cent and matures in April 2025.

(v) The Niagara Parks Commission (NPC) was provided a loan to finance additional capital costs incurred for the redevelopment of phase I of Table Rock House in Queen Victoria Park, Niagara Falls. As of March 31, 2024, the outstanding balance of the loan is \$1.8 million (2023 – \$2.2 million). This loan bears interest at 5.07 per cent and matures in April 2027. In addition, in 2020, the NPC was provided a construction loan facility of \$25.0 million to redevelop the Canadian Niagara Power Generating Station as a visitor attraction. Total drawings under this facility amounting to \$20.9 million was converted into a term loan in January 2023. As of March 31, 2024, the outstanding balance is \$19.2 million (2023 – \$20.9 million). This loan bears an interest rate of 4.58 per cent and matures in January 2033.

(vi) The Ontario Cannabis Retail Corporation was provided a loan facility of \$150 million for set-up and operating costs. As of March 31, 2024, the outstanding balance is \$51.5 million (2023 – \$59.3 million). This loan bears an interest rate of 2.79 per cent and matures in January 2030.

(vii) The Ontario Lottery and Gaming Corporation (OLG) was provided with a term loan and construction loan facility to fund several projects. As of March 31, 2024, the outstanding balance on the term loan is \$28.7 million (2023 – \$41.9 million). This loan bears interest rate of 1.64 per cent and matures in April 2026. Draws on the construction loan facility as of March 31, 2024, is totalling to \$46.6 million (2023 - \$ 2.0 million) bearing a floating rate of interest, which is 5.50 per cent as at March 31, 2024.

(viii) The Ontario Northland Transportation Commission (ONTC) was provided loans for various projects. As of March 31, 2024 the outstanding balance is \$0.9 million (2023 – \$1 million) bearing an interest rate of 4.90 per cent and maturing in 2031. In addition, in 2021 ONTC was provided a revolving credit facility to a maximum amount of \$5.0 million maturing on April 30, 2024. As of March 31, 2024, ONTC has not drawn any funds from this facility (2023 – nil).

(ix) The Royal Ontario Museum (ROM) was provided a loan to fund the Renaissance ROM project. As of March 31, 2024, the outstanding balance of the loan is \$19.8 million (2023 – \$23.2 million). This loan bears a floating interest rate, which is 5.96 per cent as at March 31, 2024 and matures on March 31, 2027.

(x) From 2006 to 2017, loans were provided to school boards under various capital programs. During the year ended March 31, 2024, school boards made semi-annual blended payments of principal and interest, leaving the total outstanding amount at \$3,747.4 million (2023 – \$4,019.7 million). These loans bear interest ranging from 2.99 to 5.38 per cent and mature from 2024 to 2042.

## 9. SERVICES PROVIDED TO THE BUILDING ONTARIO FUND

At the direction of Treasury Board Secretariat and the Ministry of Finance, the OFA and the Ontario Infrastructure Bank [now operating as the Building Ontario Fund (BOF)] entered into a Services Agreement effective November 2, 2023. Through the Services Agreement, the OFA provides administrative and operational support to help establish the organization. During the year ended March 31, 2024, the OFA recovered costs from the BOF for services provided in the amount of \$1.0 million.

Prior to the incorporation of the Ontario Infrastructure Bank on November 2, 2023, the OFA incurred \$0.24 million in costs relating to the establishment of the BOF. These costs will not be recovered from the BOF.

## 10. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

*(in thousands of dollars)*

	March 31, 2024	March 31, 2023
Accounts payable	\$499	\$559
Operational expense accruals	2,855	1,465
Accrued other employee benefits	1,659	1,698
<b>Total</b>	<b>\$5,013</b>	<b>\$3,722</b>

Accounts payable relate largely to normal business transactions with third-party vendors and are subject to standard provincial government payment terms.

Operational expense accruals relate to goods or services received but that have not been paid, including regular salaries and wages, employee benefits and normal operating expenses.

Accrued other employee benefits is primarily comprised of an accrual for employee vacation credits.

## **11. PAYMENT OF SURPLUS FUNDS TO THE PROVINCE OF ONTARIO**

Under section 16.4(1) of the *Financial Administration Act*, a public entity may pay into the Consolidated Revenue Fund any funds that it determines to be surplus to its current needs. In February 2024, the OFA's Board of Directors approved the payment of \$4.3 million (2023–\$3.8 million) to the Province of Ontario. The payment was made in February 2024.

## **12. RISK MANAGEMENT AND FINANCIAL INSTRUMENTS**

The main risks that the OFA's financial instruments are exposed to are credit risk and liquidity. These risks are limited to the financial instruments reflected on the statement of financial position and do not extend to the financing provided to various public bodies, disclosed in Note 6.

### ***Credit Risk***

Credit risk is the risk that the counterparty to a financial instrument may fail to discharge an obligation or commitment into which it has entered. This risk is minimal as all of the receivables are from the Province of Ontario and related parties such as OEFC and Infrastructure Ontario.

### ***Liquidity Risk***

Liquidity risk is the risk that the OFA will not be able to meet its cash flow obligations as they fall due. The OFA's exposure to liquidity risk is minimal as all operating and capital expenses are cost recovered primarily from the Province of Ontario.

## **13. FUTURE EMPLOYEE BENEFITS**

### ***(a) Pension Benefits***

The OFA provides pension benefits to its full-time employees through participation in the Public Service Pension Plan, a multi-employer defined benefit pension plan established by the Province of Ontario. The Treasury Board Secretariat (TBS) is responsible for funding the employer's contribution to the pension fund; the OFA has no additional liability for these future costs. In addition, the costs of post-retirement and non-pension benefits are paid by TBS and is not reported in these financial statements.

**(b) Accrued Employee Benefits Obligation**

Upon retirement, certain full-time employees, after five years of service, are eligible for severance entitlements equal to one week's salary for each year of eligible service up to a maximum of 50 percent of their annual salary. These severance entitlements are limited to years of eligible service as follows:

<b>Employee Compensation Group</b>	<b>Severance Eligibility Details</b>
Non-represented Management Compensation Plan and other non-represented employees	Entitlement limited to years of service accrued up to December 31, 2015 and based on salary in effect as of December 31, 2015
Senior Management Group employees	
Association of Management, Administrative and Professional Crown Employees of Ontario employees	
Non-represented Ontario Public Service Employees Union (excluded) employees	Entitlement limited to years of service accrued up to December 31, 2016 and based on salary in effect as of December 31, 2016
Non-represented Association of Law Officers of the Crown and Crown Counsel Management employees	Entitlement limited to years of service accrued up to December 31, 2004

As at March 31, 2024, the costs of these legislated severance entitlements owed to these eligible employees amounted to \$2.6 million (2023 – \$3.0 million).

On an ongoing basis, TBS is responsible for funding the legislated severance entitlements and accordingly no additional expense or liability is reported in these financial statements.

**14. COMMITMENTS AND CONTINGENCIES**

**Lease Commitment:**

The OFA rents its premises under a five-year operating lease effective July 1, 2022. The minimum base rental payments for the lease are as follows:

*(in thousands of dollars)*

2024-25	\$794
2025-26	807
2026-27	807
2027-28	202
<b>Total</b>	<b><u>\$2,610</u></b>

The OFA is committed to pay its proportionate share of realty taxes and operating expenses for the premises for the year ended March 31, 2024, which amounted to \$0.63 million (2023 – \$0.57 million).

**Committed Facilities:**

At the direction of the Province, the OFA has committed to finance certain public bodies for which funds have not yet been advanced. The details are as follows:

The Financial Services Regulatory Authority of Ontario (FSRA) was provided a revolving credit facility of \$2.0 billion in December 2022 to address the risk of a significant liquidity event or a failure affecting one or more credit unions regulated by FSRA requiring financial support in addition to the Deposit Insurance Reserve Fund (DIRF). As of March 31, 2024, FSRA has not drawn any funds from this credit facility (2023 - nil).

Infrastructure Ontario (IO) has been provided a revolving credit facility up to \$100 million, until March 2028, to finance project costs on an interim basis. As of March 31, 2024, IO has not drawn any funds from this facility (2023 – nil).

In the event funds are advanced under the above facilities they will be disclosed under Note 6.

**Contingencies:**

At March 31, 2024, there were no claims under which the OFA would be financially liable. The Province continues to guarantee the term deposits issued by the Province of Ontario Savings Office prior to 2003.

**15. RELATED PARTY TRANSACTIONS**

The Province of Ontario is a related party as it is the controlling entity of the OFA. The Ministry of Public and Business Service Delivery provides payroll and benefit services. Infrastructure Ontario also negotiates lease renewals with the landlord on behalf of the OFA and recovers its cost from the OFA.

In addition, related party transactions pertaining to:

- Debt and investment management for the Province are disclosed in Note 5;
- Transactions with public bodies are disclosed in Note 6;
- Debt management and other financial services for related party agencies and other are disclosed in Note 7;
- Investment management for related party agencies are disclosed in Note 8;
- Services provided to the Building Ontario Fund are disclosed in Note 9; and
- Payment of surplus funds to the Province of Ontario in Note 11.

## 16. COMPARATIVE FIGURES

Certain comparative figures have been reclassified to conform to the basis of the financial statement presentation adopted in the current year.

## 17. PRIOR PERIOD CORRECTION

In prior years, there was no liability recorded for unused employee vacation credits in the financial statements. As such, the comparative figures have been restated to recognize the unused employee vacation credits as a liability (impacting accounts payable and accrued liabilities and employee future benefits) and the resulting impact on salaries, wages and benefits expense. Since the OFA recovers its costs from the Province of Ontario, there are resulting impacts on amounts due from the Province of Ontario and cost recovery revenue from the Province of Ontario. This prior year restatement has the following impact:

*(in thousands of dollars)*

	March 31, 2023 Previously stated	Correction	March 31, 2023 Restated
<b>Impact to Statement of Financial Position</b>			
Accounts payable and accrued liabilities	2,024	1,698	3,722
Employee future benefits	-	1,088	1,088
Due from the Province of Ontario	2,024	2,786	4,810
<b>Impact to Statement of Operations and Accumulated Surplus</b>			
Salaries, wages and benefits	23,640	(185)	23,455
Cost recovery from the Province	20,627	(185)	20,442
