Execution highlights

- The mandate for Ontario's inaugural Global CAD Green Bond was announced in the early morning, London time, on September 26th, 2014 to provide sufficient time for investors to review the Green Bond information ahead of books opening.
- A global investor call was conducted on September 29th that had nearly 250 participants and highlighted Ontario's Green Bond framework, eligible green projects and specific use of proceeds for the contemplated transaction.
- The transaction was formally announced on October 1st and books were opened at initial price guidance in the context of Ontario's domestic C\$ benchmark curve, which was in the area of +38.5bps over CAN 1.25% September, 2018.
- As soon as books opened the transaction met with strong investor demand and the order book grew to 4.0 times the size of the transaction. Books were kept open overnight for Asian and European accounts closing at a total book size of \$2.4bn. With strong oversubscription, pricing was tightened by 0.5bps to +38bps over CAN 1.25% September, 2018.
- Over 80 accounts participated in the transaction with 85% of the deal allocated to investors with Green mandates and/or signatories to the UN PRI. Investors from the US, UK, Germany, Sweden, Switzerland, Japan, Korea and Australia accounted for 17% of the deal. Ontario added five new investors and expanded its Canadian dollar investor base by eight names.
